Factbook Definitions

Race/Ethnicity

Reporting guidelines and categories

Race/Ethnicity categories are based on reporting rules adopted by the federal Bureau of Budget and Management in 1997, which are currently used by the National Center for Education Statistics in IPEDS reporting. Information on citizenship status, Hispanic origin, and race is collected on students. Students who are not citizens or U.S. nationals are reported as nonresident aliens, regardless of how they respond to the Hispanic origin and race questions. Of the remaining students, those who indicate that they are of Hispanic origin are reported as Hispanic, regardless of how they answer the race

Hispanic

A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

American Indian or Alaska Native

A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.

Asian

A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

African-American

A person having origins in any of the black racial groups of Africa.

Native Hawaiian or Other Pacific Islander

A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

White

A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

Nonresident alien

A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. For the purposes of this report, we use the nonresident alien status to identify international students.

Multi-racial

A person who indicates belonging to more than one race category.

Tuition-Rate

The tuition-rate paid by the student.

Factbook Definitions

Location of Origin

Table 5 reports enrollment by location of origin, which is determined by considering both a student's nonresident alien status and the permanent residence address. Nonresident alien students are reported as international, with their location by permanent residence address also indicated. The location of domestic students is determined by their permanent residence address.

Permanent Residence Address

A student's permanent address indicates their primary residence, which may be different from the local address where they reside while attending school. For dependent students, the permanent address is often their parents' or guardian's address. The student's residency status for tuition purposes may be different from their permanent residence.

Calculation of Age

Age is calculated as of the first day of the term, using the full date for both student birth date and the first day of the term.

Legal Nation

A student's country of origin as it appears on their student visa to study in the United States.

The New York State Tuition Assistance Program (TAP)

TAP offers a grant to legal residents of New York State attending approved schools who maintain at least a C average as of the 4th semester and meet income eligibility requirements.

Pell Grants

Federal Pell Grants are awarded to U.S. citizens who are undergraduate students that meet financial need requirements and are enrolled or accepted into eligible degree programs.

Veteran Status

Indicates the student served but is not now serving on active duty in the US Army, Navy, Air Force, Marine Corps, or the Coast Guard.

Active Military Duty

The student is currently serving on active duty in the US Army, Navy, Air Force, Marine Corps, or the Coast Guard.

Dependent on Active Duty

The student is a dependent or spouse of one who is currently on active duty.

National Guard or Active Reserve

The individual is an active member of a US military reserve unit, or an Active Reserve
